Knights Blank Bremen 14-0: Meet Sparts Next

BY GREG, FANT

The Lincoln-Way Knights finally broke their losing string at five games as they beat the Bremen Braves by a score of 14-0 last week-end. The fact that the Knights capitalized on Bremen mistakes was a key factor in the victory.

The Knights scored with only ten seconds remaining in the half as end Ron Kokal caught a pass from Knight quarterback Howard Grimes and ran the remaining 26 yards for a touchdown. Van Delay caught a pass from Grimes for the extra point to make the score at halftime, Lincoln-Way - 7, Bremen - 0.

The Knights scored their second touchdown of the afternoon in the third quarter as Tom Hamilton recovered a fumble by Bremen quarterback Joe Samojedney and ran 50 yds, to pay dirt. Joe Wajchert made the extra point good as he fell on a Knight fumble in the end zone.

The Knights made a total of 143 yds, rushing and 76 yds, passing while Bremen made 125 yds, rushing and 67 yds, passing. The Knights were penalized a total of 30 yards, Bremen for 50 yards. The Knights had nine first downs, the Braves, eight.

The sophomore Knights also made it a pleasant day as they defeated the Braves by a score of 19-6. The touchdowns were scored by Marc Schonwise, Wendell Bormet, and Dave Bralley. Bob Bowser scored the lone good extra point. This made the sophomore record 1-5-0 in conference and 2-5-0 over-all. The freshman Knights were the only dull spot on an otherwise good day as they were defeated by the Braves, 19-0.

The final game of the season will be played this Saturday afternoon on the Lincoln-Way gridiron as the Knights face off against the Spartans of Oak Lawn who hold a 3-3-0 conference record. The Rockets of Rich East assured themselves of at least a tie for first place in conference standings as they defeated the Spartans by a score of 42-18. Sandburg remained one game behind as they defeated Evergreen Park by a score of 32-0. This Saturday, the Eagles and Rockets will face off in what will probably be the most important game of the season to both teams.

Here's Spot For Hunters Of Bargains

White elephant lovers and bargain hunters are urged to attend the Mokena PTA's rummage sale and auction to be held Saturday, Nov. 2 at Carpenter street school. Sale will start at 9 o'clock and continue until 3:00 with coffee and doughnuts on sale for the shoppers.

Special exciting feature of the rummage sale will be an auction to be held at 11:00. No white elephant will be too fantastic to be featured for sale at the auction.

All shoppers are urged to plan and attend the auction - for laughs and bargains. New merchandise also will be offered, it was announced by the committee in charge.

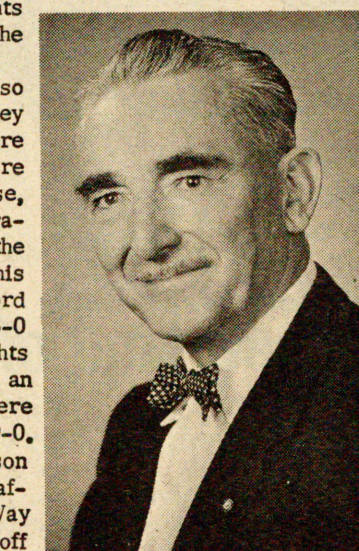

Featured at the sale will be clothing, dishes, toys, books, tools, plants, flowers, jewelry, furniture and many other items. Those wishing to donate articles to the sale may leave them at either Carpenter Street or Willow Crest schools. Those looking for bargains for home or for gifts are urged to be at the sale when the doors open at 9:00 on Saturday. All profits from the sale will go towards the 1963-64 PTA budget.

4-H Crop Show At Francis Field Set For Monday

Will county's annual 4-H Crop show will be held Monday, Nov. 4 at Fred A. Francis 4-H Field near New Lenox. The program will begin at 7:30 p.m.

All 4-H'ers enrolled in crops projects must exhibit their corn, soybeans, oats, wheat and hay in order to meet the project exhibit requirement for the Achievement Member Award. The crop projects will be graded for market quality.

Webster Bay, assistant farm adviser, said all 4-H'ers, leaders and parents are especially invited, . . . but that everyone is welcome to attend. No admission will be charged.

THE MOKENA LIONS club will hear George R. Willy of Blue Island explain handwriting analysis Thursday, Nov. 7 at 7 p.m. at the Arch Inn, Rt. 30 and Harlem ave. (Westrop Photo)

Believes Tax Lists Will Carry One Factor

The quadrennial assessment lists for New Lenox and Frankfort townships which appear in today's issues of the News-Bulletin and the Frankfort Leader were revised after submission by the town assessors, it was explained by County Treasurer Leo J. Waldvogel, and he believes the figures will entitle the county to a multiplier factor of one. If the assessments are too low, it was explained, the state department of revenue would assign a multiplier factor to bring them up.

The work was done, Waldvogel stated, thru mutual cooperation of Edward Liberty, chairman of the county board; State's

Attorney Frank Masters, and Howard Gierich, supervisor of the county's IBM system.

As assessments were received from Will county's 24 township assessors, it became apparent to him that the county was going to receive a multiplier above one from the state department of revenue, Waldvogel said.

Assessed valuations, as turned in to the treasurer's office by the township assessors, were well below the assessed valuations recorded in 1958 -- the last quadrennial year.

"It was our desire to equalize the assessments within the entire county, and bring them

up to the state required 55 percent of assessed valuation," Waldvogel said. "This, we believe, is the most equitable way to provide for the best interests of all of the citizens of Will county."

"Utilizing the records of our office and making an independent survey of sales experiences in each of the 24 townships in the county, we equalized the assessments so that in our opinion they are fair and equitable."

"We believe that the state department of revenue will accept our quadrennial assessment figures and will issue Will county a factor of one thereby avoiding any multiplier."

"Again, I wish to stress that tax assessments in the 24 townships were adjusted on a fair and equitable basis and that the overall benefit to the taxpayer will be great since this is the only method I could assume that would avoid a multiplying factor from the state department of revenue."

"When our adjustments on the township assessor's lists were completed, we were faced with the task of re-valuing each and every assessment. Considering that there are nearly 100,000 parcels in Will county, the scope of our job was monumental," Waldvogel continued.

"The county I.B.M. system

lacked a computer and would have been unable to handle the final computation of the tax lists in time to allow us to publish this year, as required by law.

"To solve this crucial problem, I contacted an independent I.B.M. computer center and by utilizing their facilities, was able to complete the 1963 quadrennial lists over a weekend.

"We sincerely believe that the taxpayer will benefit from our action. The entire county is now assessed on a fair and equitable basis."

"Again, I want to express the appreciation of the treasurer's office of Mr. Liberty, Mr. Masters and Mr. Gierich for their cooperation."

Object To Assessment? Go See Review Board

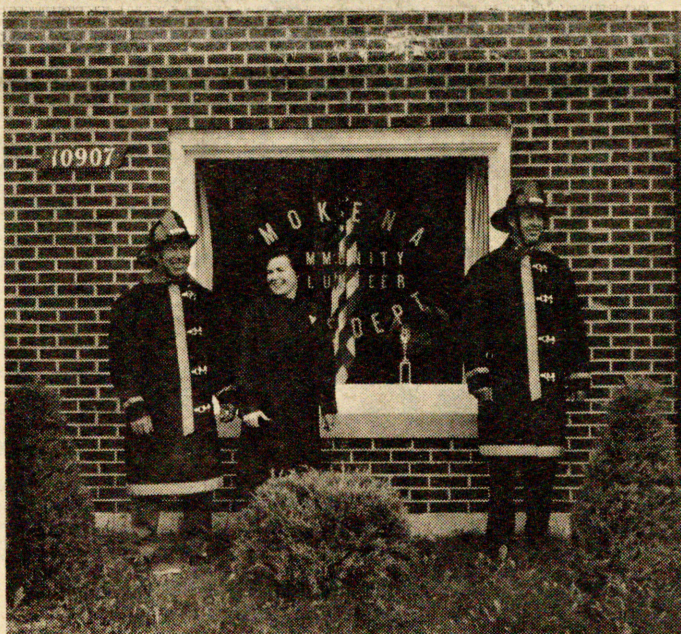

In this week's issue of the News-Bulletin the quadrennial assessment list for Frankfort township appear.

Taxpayers who consider their property incorrectly assessed may appeal to the Board of Review and appear before that board. These appeals must be made within ten days after the date of publication of the quadrennial assessment.

The taxpayer must file a complaint, in writing, on a prescribed form, according to Section 108 of the Revenue Act of 1939. The taxpayer, or his agent, must obtain the prescribed form from the board of review office. This office is located on the second floor of the Will county court house.

Neither the county treasurer nor the township assessor has these forms available. They can only be obtained at the board of review office.

After all complaints are received, the Board of Review separates them by township and then processes each individual complaint.

THE MOKENA GARDEN Club has sponsored and completed their second community project, the planting of evergreens at the Mokena Fire Dept.

Chairman of this project was Mrs. Robert Schultz.

This is the second beautification program sponsored by the club since its beginning in 1962, the first being the plantings at the Mokena postoffice. On the left is Fireman Andrew Zink and on the other side of Mrs. Schultz is Fireman Roy Newton.

L-W Band Boosters Decal Sale Set For November

The annual decal sticker drive by the Lincoln-Way Band Boosters gets under way next month. The new decals will be mailed out to residents of the district in November and the committee in charge is hopeful of a speedy and large return.

Chairmen for the drive were named at a meeting of the Band Boosters last week. Each represents a part of the high school district. Mrs. Corrine Mazurek will head the drive in the Mokena area, Mrs. Isabelle Corp, at New Lenox, Mrs. Dorothy Koenig, at Frankfort, and Mrs. Conrad Mark at Manhattan.

The Band Boosters comprise a busy group. Its chief function is to keep the band's equipment at high level, a task that takes a lot of money over the years, as well as effort.

For example the tentative budget of the organization for the coming year is \$2,000, according to Cecil Boldwin, the president. This figure, it was explained, includes the purchase of additional uniforms for about \$800; summer band camp, 1964, \$500, and another \$350 as the Boosters share in the cost of a strobocon recently purchased by the school. N L Board Ponders Plan For Urban Renewal Grant

The New Lenox village board is giving consideration to a proposal by a Joliet engineer that it explore the possibilities of engaging in an urban renewal plan with the idea of getting federal funds to get the project moving.

At a special meeting of the board last Friday the program was discussed but no action was taken and it was to get further consideration at the regular meeting tomorrow night.

The engineer Robert A. Brown, proposes to represent the village in the project, at a fee, and in a letter addressed to the board he was quite sanguine as to the success of such an undertaking.

It was suggested that the village acquire the Methodist Camp Meeting grounds at the western edge of the municipality and that it also get land along Hickory creek, including the holdings of some business forms, sometimes flooded, with the idea of selling some of the land off and utilizing some or all of the campgrounds as a park. Other tracts also would be purchased, improved and sold to developers.

The money to purchase this property, Brown said, could be obtained from the government and paid back out of the profits from the improved lands so the village would not have any of its funds in the venture.

The trustees agree that the village is in no position to embark on any scheme that would require any great outlay of money but were willing to confer further with Mr. Brown. The village would like to have the Camp Meeting grounds but the price is too high for its means, officials said Friday night.

Complaint by officers of the New Lenox Savings and Loan that the village has not used it

as a depository for any of its funds resulted in action at the special meeting. The board voted to deposit \$10,000 in the Savings and Loan.

Walter Reinhard, business manager for the village, reported that approximately 50% of the cards sent out by Trustee Robert Randolph asking residents for an expression of opinion on a proposal to build sidewalks, have been returned. There is a slight edge in favor of the project as far as sidewalks along Cedar road and on Second street are concerned. Such walks would lead directly to St. Jude and Oakview schools. People also favored walks leading to Haven school, it was

reported.

There were 538 cards sent out, the names being taken from the list of sewer users. Under the plan considered by the village the bulk of the cost of the sidewalks would be met out of special assessments against the property improved but the village would endeavor to get the state highway department to release motor fuel tax funds to apply in part on the project. Under a special assessment program the village also could be tapped for some of the money, it was said.

School officials and parent groups from public and parochial schools have been pushing the sidewalk plan.

Episcopal Bishop Will Confirm Class Sunday

The Rt. Rev. Gerald Francis Burrill, the bishop of the Episcopal Diocese of Chicago, will make his annual visitation to Grace Episcopal church on Sunday morning Nov. 3, at the 10 o'clock Holy Eucharist.

Bishop Burrill will administer the sacrament of confirmation to a class prepared by the vicar of Grace Church, The Rev. Richard A. Crist. The bishop will also preside and preach at the celebration of the Holy Eucharist which immediately follows the confirmation.

Following the services a reception will be held in the undercroft of the church, at which time an opportunity will be given to discuss with the bishop the expansion plans of the diocese and of Grace church in particular. A time table for relocation of the church's new site west of Schmulh school on

SHARPSHOOTERS WELCOME -- Grant Geuther and August Santoro of the Frankfort Lions club pause to pose with one of the turkeys to be awarded at the Frankfort Lions Club turkey shoot to be held at 1 p.m. on Sunday, Nov. 3, at the Frankfort Community Park. Santoro, chairman of the event, states that 12-gauge shotguns and shells will be available for those who do not have their own. The charge per round will be \$1. Winners will be given certificates to be redeemed for dressed birds. Proceeds from the event will go into the park fund. (Porter photo)

Ghosts, Goblins Have Their Night Tonight

Halloween will be a community celebration -- for the youngsters -- in Mokena, Orland Park and New Lenox tonight.

Costume parades will highlight the observance at New Lenox and Mokena. There will be no parade at Orland Park but the youngsters will appear in costume at a huge bonfire to be blazing on the ball dia-

mond at 151st and West ave. The judges will choose the prize costumes and present awards. There will be treats at the bonfire. The affair is set for 7 o'clock.

Parade times vary at New Lenox and Mokena. The one at Mokena is to start at 6:30 from the Carpenter Street school and will be led off by the Lincoln-Way high school band. It will move to the fire station where costumes will be awarded and prizes awarded. The Amvets Auxiliary will give silver dollars to the winners; the Amvets post will provide crack-jack and the Mokena Chamber of Commerce will furnish candy to those participating in the parade.

The Lincoln-Way high school band and the New Lenox grade school band will leadoff the parade at that community. It

is to start off from near Oak and Cedar rd. and move north to the Oakview school grounds where the judging of costumes will take place and prizes awarded. Children will be divided into age groups and are asked to remain in such groups until the judging is completed.

Sponsors of the Halloween celebration at New Lenox include the Association of Commerce, the PTA of the New Lenox grade schools and the St. Jude Parents club. Any adults interested in helping may call the general chairman, William DeLine at 485-8373.

Youngsters that are playing tricks and treats should be careful. Parents should make certain that the masks the children wear permit them ample vision and it is a good idea, safety authorities say, to have white on their costumes.

Black may be very suitable to the spirit of the occasion, they say, but persons so garbed are difficult to see by motorists, especially on residential streets and "no one wants to see any of the Halloween celebrants killed or injured," a safety group spokesman concluded.

Mokena Fireman Invite Public To Open House

The Mokena Fire Protection District will have an openhouse this Saturday, Nov. 2 at the fire station on Front st. The hours will be from 2 to 8 p.m. and all residents of the district are invited to attend and become acquainted with the men and the equipment.

Firemen will be on duty to answer question and show the visitors about. The public will thus gain first hand knowledge of the department's resources. The Mokena department is

made up of volunteers. They drill, practice and fight fires without pay.

In a recent poster contest which drew entries from St. Mary's and the public schools, the following youngsters were the winners.

Grade 1, 2 and 3; Julie Ennis 1st place and Kristine Rauch, 2nd place, Grades 4, 5 and 6, Debra Fortman, 1st place; Billie Jean Best, 2nd place; Grades 7 and 8, Maureen Carlson, 1st place and Annette Stuckey, 2nd place.

Evening Adult Classes At Sandburg Popular

BY MARVIN MILLER

Each week 325 adults come to Carl Sandburg high school for classes. They are enrolled in courses such as refresher typing, public speaking, physical fitness, or conversational German, and they take their "studies" seriously.

These students are a part of a growing number of persons across the nation who are enrolled in formal adult classes. The department of health, education, and welfare estimates that more than three million people attended classes in 1960, the latest year for which data was available. A more inclusive estimate (including everything from the Great Books series to extension courses) places the total number of adults continuing their education between 30 and 50 million.

What causes mature mid-westerners to give up their leisure and firesides for textbooks and culture on an average of two nights a week? According to the office of education, they are finding that "merely keeping up with modern living requires continued learning. . . They are eager to acquire new knowledge and skills and to keep their know-how up-to-date."

Carl Sandburg offers a two-semester program of adult education during each school year. The first is in progress now and registration for the second semester opens Jan. 28. Ray Bentz, director of the program, said, "The adult education program. . . has been planned and structured to provide for the needs, interests, and enjoyment of our adult citizens. The many courses offered provide a variety of bene-

fits, namely -- academic knowledge, vocational training, and recreational activity."

The courses are carefully tailored to the needs and desires of the individuals. In the millinery class, for example, the women each make six hats during the semester. Through a unique teaching method, the emphasis is placed on work with sheer materials, flowers, veils, and straw braids. Not only does the class acquire new skills, but it also enhances its wardrobes.

In furniture construction and repair, the adults construct a project of their choice or re-

pair and refinish an article of furniture they may have in their homes.

On the other hand, the classes in conversational Spanish and German learn thru the audio-lingual approach, where emphasis is first placed on the understanding and speaking of the language. In addition, they gain an understanding of the cultures through tapes and films.

Other courses offer instruction in drawing and painting,

typing, accounting, shorthand, investing, sewing, swimming and bridge.

"Our teachers endeavor to conduct their class sessions in an informal manner which results in pleasant learning experiences for the adults," Bentz said. One needs only walk thru the halls of Sandburg on any evening Monday thru Thursday to see that adult education is indeed "a pleasant learning experience."

Republicans Plan Dinner To Honor Warren Wood

Tickets have gone on sale thruout Illinois for the recognition dinner honoring State Rep. Warren Wood to be held at Joliet on Nov. 7. Rep. Wood is a candidate for the Republican nomination for lieutenant governor.

State Rep. Meade Baltz, R., Joliet, general chairman for the dinner announced a partial list of committee chairmen and members arranging the dinner. In charge of statewide ticket sales are Reps. Charles Willett of Dixon and Dean McCully of Minonk and James Winning, prominent Springfield lawyer.

Republican State Central Committeeman Morton Holsworth of the 14th District and Second District Appellate Court Clerk Paul V. Wunder are co-chairmen of the reception committee.

C. H. Peterson, chairman of the Will county Republican central committee, is chairman of the planning committee for

the dinner.

Mrs. Ralph Murphy, head of the women's division of the Will county Republican committee, is program chairman. E. B. Workman, Will county probate clerk, serves as local area ticket chairman and Vern Cracker, Will county superintendent of schools, is treasurer.

Representative Wood has scheduled speaking engagements before the Homewood Rotary club on Oct. 30; before the Kankakee County Young Republicans at Kankakee on Nov. 5 and before the Pike County Young Republicans at Pittsfield on Nov. 9.

"Y" Promises Slim Christmas - If One Tries

A new "Slim for Christmas" reducing class for women will begin at the Southwest Suburban YMCA, 94th and Knox, in Oak Lawn, Monday, Nov. 4th.

Classes will be held from 7 to 9 p.m. for six consecutive weeks.

The program includes a low calorie diet, personal hair styling, skin care, corrective makeup, posture improvement, and how to plan a basic wardrobe.

Mild exercises are given, to those who wish them, to build up sagging tissues left by the loss of weight from the diet.

Gerry Moynahan, diet consultant for the "Y" said members can expect to lose up to 24 pounds in the course. Reservations may be made by calling the Y at Garden 4-8100 or Beverly 3-7333.

PICK UP SPEED - Jerry Abrahamson, typing instructor at Sandburg, looks on as adult students warm up for timed tests. Altho the course is designed to improve typing accuracy and develop additional typing speed, beginners are also permitted to enroll in the course. (Photo by Sandburg Camera Club)

NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now--Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price! Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Francis Road Speeds

Some years ago when Francis road was blacktopped the county imposed a speed limit on the thoroughfare. Forty-five miles an hour was the limit, and the only accidents - except those involving collision with trains -- that have taken place on that thoroughfare have been on curves where the limit was exceeded.

And the curve that has figured in the serious accidents is the one about a mile and a half west of Mokena. It is clearly marked to the effect that a 45 mile-an-hour speed is the maximum that should be attempted. There have been occasions however when a driver has tried to negotiate the bend at 65 or more -- and crashed.

About two months ago the 45 mile an hour signs that formerly were to be seen at intervals along Francis road were removed by the county highway department. At the request of persons living in a two mile stretch of Francis road east and west of Cedar road the speed limits there have been changed. In that two mile stretch there are signs posted to the effect that the speed limit is 30 miles an hour.

It would be more realistic if the highway department went back to the 45 mile limit. With the lifting of the 45 mile limit on the remainder of the road the speed limit is thus advanced to that permitted by the state, 65 miles an hour for passenger cars.

Francis road was not built to accommodate speeds of 65 miles

an hour as the open straightaways are not long enough and the curves too flat.

By the same token 30 miles an hour is too slow. Apparently it is even too slow for those residing in the speed zone because no one appears to pay any attention to the 30-mile edict. So unless county or state police want to use the section as a speed trap, why not restore the old limits of 45 mph for the entire highway?

One of the reasons advanced by persons residing within the speed zone for reducing speed there is that there are no sidewalks and therefore children and adults are required to walk in the street. If they choose, such residents can easily remedy that situation by joining in a sidewalk building program. It is their responsibility.

In our travels along Francis road we have seen few pedestrians, children or adults. Certainly the youngsters do not use the road in going to or coming from school as they all appear to ride school buses. Sometimes one encounters children riding bicycles and it is to be regretted that in most instances they ride on the wrong side of the road. And the same thing can be said about a substantial percentage of the pedestrians--they walk on the wrong side of the highway.

Pedestrians should walk against traffic, cyclists ride with it. At least that is how the law reads.

Man And The Machine

The President's proposal that a commission be appointed to study the social and economic effects of automation has been generally well received. In the ranks of industry, government, and the labor organizations there is concern over the displacement of men by machines, and an awareness of the need for positive action.

The problem is a tough one. The goal is to make full and constructive use of the amazing technology that is developing, and at the same time to prevent it from destroying human values. If it is to be reached, a high degree of statesmanship must be provided by all concerned.

Management cannot ignore the problem and try to sweep it under the rug. Labor unions cannot hold tenaciously to ways of doing things that science is making obsolete. And government can't follow the always-futile path of passing more laws and imposing new and stultifying regulations on the economic life of the nation.

The material benefits that can stem from automation, using the word in the broadest sense, seem to be practically limitless. We, like the rest of the world, want and need them. And, at the same time, we must remember that the machine must remain the servant, not the master, of man.

Big Question

A tax reduction bill has passed the house. It will meet tougher going in the Senate. But the chances are that an overall federal tax cut in the \$10 billion-plus area is in sight.

Welcome as that may be, some extremely important questions are yet to be answered.

One is whether major tax reduction which is not accompanied by any reduction in government spending will lead to more inflation. Many a recognized economist thinks it will--then the decline in the dollar's value here and abroad will more than offset any benefits.

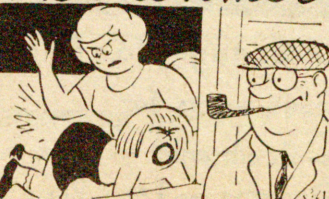

Another is whether the spiraling costs of state and local government will eat up any dollar gains from federal cuts, aside from the inflation problem. These costs, proportionately, have been rising faster than federal costs in late years. If one tax collector takes from you what another tax collector leaves, you aren't gaining.

The interest of the citizen lies in how many dollars he has left after taxes, and in what those dollars will buy in the way of goods and services. That is the big unanswered question.

Early fall is the best time to replace overgrown, misshapen or weather damaged evergreens. In choosing a replacement, don't choose another plant that will become a problem in a short time. Be sure to choose plants that grow well in the amount of sun or shade you have. Prepare the plantings area before you set out the plant. If the soil is heavy, mix in one-third peat moss with the backfill. Give the plant plenty of water this fall to encourage root growth. If you have questions about the type of plant, consult with your nurseryman or garden center operator for suggested plants. We have some fine publications in our office covering this subject which are available free for the asking.

I have just received notice that the state nursery is now taking orders for plants which will be planted on rural land and used for soil erosion control, field shelter belts, and wildlife cover. Trees purchased from the state nursery cannot be used for ornamental or landscape purposes, and cannot be re-sold with the roots attached.

On Second Thought

By GLENN F. LOGAN

Did you ever try to think of a name only to have it elude you? Your correspondent is having a spot of memory failure at the moment and what makes it embarrassing is the name he is trying to remember is that of a great man.

At least he should be considered a great man by husbands, Mm-m, let's see Doctor.. Doctor.. Isn't that the damndest thing.. Just can't think of his name.. He was a doctor, tho.. that is why his statement carried authority.. Oh, well, maybe it will come later...

Anyway this is the man who made such a stir last year at a convention of medical men at Chicago.. These were not Doctor Caseys or Kildares or Malones mind you, but the real thing, honest - to - goodness doctors with diplomas and sports cars and licenses to practice in their several states.

Now what was that man's name... Anyway this doctor was an authority on the ailments of the human heart and he declared in a public statement that one of the most prevalent causes of heart failure was too much physical exertion by men who were unaccustomed to that sort of thing.

One of the worst things to do, he said, was to shovel snow--that is for men to shovel snow. Remember him now? He was quoted on front pages of dailies all over the country and TV and radio newscasts used the story too.

"Don't shovel snow," this doctor said, addressing his remarks to husbands, "have your wives do it."

He went on to explain that housework and their other activities kept women in better condition than their husbands when the latter were engaged in sedentary occupations.

This doctor one can readily see--(oh, what was his name? It seems so stupid to say "this doctor" and "this man" instead of saying Doctor So-and-so, only to say So-and-so instead of the name is even more stupid)--this doctor, one is quick to realize is not only a top figure in his field but is also a man of rare courage, if one assumes that he is married.

Why bring all this up now?, a reader may ask. This was all brought up and publicized last year. That is quite true. There was considerable mention of the subject last year but we believe it should be brought to the attention of the world each and every year.

Perhaps some day we may have a bachelor President or a President who is a widower and he will issue another Emancipation Proclamation setting husbands free from snow shoveling and turning the task over to the wives.

Presidential or congressional action would be needed, of course, to make such program official but how to get such a movement started is a problem. Few married men would have the hardihood to lead such a program and the bachelors aren't interested because they don't pay any attention to snow storms for the simple reason there is no one to prod them into action and get the sidewalks and driveways cleared.

If a husband is firm and takes refuge in the declaration of this doctor--I wish I could think of his name--he can duck the snow shovelling but a little official backing, say a decision by the U.S. supreme court, upholding a law and Presidential directive outlawing snow shovelling for men would help. Some women are hard to convince.

The reason we have been delving into this subject of shovelling snow is that the time of year is approaching when we can expect to get some of the stuff. Don't get led away too far by this balmy October we've had, November could duplicate it, altho if it did the people working in the weather bureau would wear themselves out to put new records into the book, but it is not likely it will, November can be a stinker, and often is.

One can expect snow in November and December and the rest of the winter so it would be a good idea to get wives ready to take over the shovelling chore when necessity arises.

Only last week another doctor, this one on the staff of an insurance company, warned men to take it easy in clearing lawns of leaves, either by rake or by pusher. Don't overdo it, he warns or the old pump may blow a gasket.

This doctor, however, doesn't say that the women should take care of the leaves. Why he doesn't I don't know. The way women talk so authoritatively about composts heaps and other gardening aids one would think

THE CHICAGO MOTOR CLUB POINTS OUT THE PITFALLS OF FALL

The Lincoln Log

Tomorrow marks the end of the first nine weeks of study for the 1,075 high schoolers at Lincoln-Way. That means the periodic report cards will be out soon and each student will have a letter grade to show his academic standing in each class.

This report card marks the advent of more technology at L-W. Instead of the conventional card used in the past a new electronically produced report card will be used for the first time. Data processing has been used to speed up this important function. The system is a time and money saver for the school district and as the number of students grows it will become even more economically sound.

A word of caution might be in order, and that is to be on guard for a few bugs this first time around. Like any new system, a few errors are bound to appear, but a little patience will soon clear them up.

An interesting report came out this past week which speaks well for formal education and actual experience working together. There are 58 junior and senior students from the L-W Business Department who serve as clerical assistants in various school departments areas. Due to crowded conditions these people are doing clerical work under far from the best circumstances, but yet efficiency is high. This "beyond the classroom" experience will prove valuable after graduation.

Lincoln-Way faculty has a potluck planned Saturday after the Oaklawn football game. This will be the first gathering of the staff this year.

A week from tomorrow, on November 8, the L-W Chorus will present a concert in the auditorium. Mr. Tom D. Olson will direct his singing groups in numbers written by Gustave Wagner. This concert will mark the first appearance of the Girls Ensemble. Other performers will be the Singing Knights group, and soloists Judi Owen, Sandra Kooyenga, Lynne Staufenberg, Charles Johnson, and Michael Cullen. Folk songs will be sung by Walter Roddy of Homewood Flossmoor and Gerald Myrow of Park Forest. Tickets are on sale now by members of the Chorus.

During the week of November 11, which is National Education Week, the Future Teachers of America are planning a full week of events at Lincoln-Way. Under the sponsorship of teachers Mr. Art Mackay and Mrs. Della Hussey, radio and press coverage is being arranged along with a poster campaign and an invitation to parents to attend an open house at the school.

It might be well to mention that the open house is an excellent opportunity to visit actual classes and see the new building program going on at L-W. It's not too often that you have a chance to see your tax dollars in action so be sure to make good use of this opportunity.

that they would be glad to gather up the leaves.

I'm sure that this famous doctor prescribed snow shovelling for wives last year would have something to say about this raking business too. I would write him and ask if I could just remember his name.. Doctor..for a second I thought I had it but it's gone again.. Such a famous person too.. Well, maybe the name will come to me next year.

In the meantime if you want to make certain that you don't have to shovel snow this winter pack up and go to Florida...and get an early start.

Letters To The Editor

CREEPING SOCIALISM

Dear Sir:

The United States of America was once the greatest nation on earth. In 1932, we elected a President who faced more problems than any man who had ever been our Chief Executive. The depression of '29' had taken its toll. Millions were unemployed. Many banks had failed and in so doing, they caused the savings of many to disappear. Business was paralyzed. The country was prostrate.

When President Roosevelt took office in '33', he was expected by us, to get the country on its feet again. We had a few Fabian Socialists among us at this time but they were ready to take advantage of this, their first opportunity to plant the seeds of the Socialist or Communist conspiracy. Felix Frankfurter, an old timer, introduced to FDR, an expert who had helped to substitute the Labour Party for the old Liberal Party in England. This faked Professor John Maynard Keynes had the answers to all of our problems. Keynes sold his ideas to Roosevelt and this was the beginning of the end for the "Capitalistic", "Free Enterprise, System" which is often referred to as "The American Way of Life." Keynes was called by some, the Englishman who was running our America.

The Pandora-box, which John opened, contained the plan which was to transform "Our Republic" into a Socialist, Welfare, Police State. He was the father of the deficit spending policy, the huge bureaucratic structure, the centralization of power in Washington and the gradual loss of our FREEDOM.

The Fabians infiltrated Harvard University and gained control of it. Their philosophy has been fed to the students and it seems that the majority of them have either followed the teaching profession or entered the fertile field of careerism in our government.

Harvard taught Socialists who went forth as professors in our

universities, have been so successful in spreading their ideology that it is difficult to find young people who do not share this attitude. This "Liberal" "Modern, Progressive" approach has replaced the "Conservative" thinking of yesterday. You are considered to be a "Moss-back", "A Square" or "A Right-Wing Extremist" if you advocate patriotism or loyalty to Our Sovereign Nation, the return to a sane fiscal policy or the lessening of Federal controls.

The Fabians knew that the American people would never accept Socialism if it was offered to them as such. The sneaky, slow feeding of more and more regulation, creeping taxes, control of the news media, the subsidizing of industry the ambition killing Welfare programs and mind conditioning in schools, collectively have compressed the reasoning power of about 50% of the voters. The propaganda is so cleverly coated with sugar and the accompanying lullaby is so pacifying to the youth that the complete loss of our FREEDOM is fast approaching. The "Moss-backs" who have fought the Socialist trend, soon shall be outnumbered by those who have been nurtured on "The Milk of New Dealism". When the election of a conservative is no longer possible, the dream of the professors, will have come true.

The storm warnings are flying, many individuals and many organizations are attempting to warn the uninformed and unsuspecting of the dangers ahead. Those who refuse to recognize or listen to these warnings, will come out of their hypnotic trance with a neck snapping awareness when the shackles, of Communism, are fastened securely. For us and OUR GREAT COUNTRY, THE UNITED STATES OF AMERICA, the time draws nigh for us to make the final decision. Be honest with yourself. Think for just one minute. How much longer can we survive a continuation of government policy absurdities in the handling of domestic and/or foreign situations?

Patriotically yours,
Henry W. Hicks,

Hints For Homeowners

Halloween is one of the happiest times of the year for children. Tiny spooks and witches will be roaming the neighborhoods in search of "Tricks or Treats".

To make Halloween a safe time for your youngsters, fireproof treat all their costumes and decorations. You can also treat dried flowers, leaves, evergreen branches and the like that are used in centerpieces and decorations around candles.

This fire-retardant treatment can be applied to both fabrics and paper. It is temporary and can be removed from all washable material by simple laundry procedures.

Mix seven ounces of borax (regular laundry borax) and three ounces of boric acid with two quarts of hot water. Prepare enough of the solution to saturate cloth costumes and let

bine powered" automobiles in special test use in selected areas. It is assumed that this is principally a promotion event, but no doubt much useful information will come out of this test.

It is most likely other automobile manufacturers also have such gas turbine motors ready to test or still in the final laboratory stages. However, the first successful use of this type of propulsion in passenger car application, probably will be rewarded with a sales jump.

them drip dry. DO NOT WRING THEM.

Treat paper costumes and decorations with the solution unless the paper was treated before it was placed on the market. Check the label for information. Place the paper costume on a hanger, and spray thoroughly with the solution. Let it dry completely before using.

Arrange the flower decorations first, and they spray them. If your youngsters are to be out at night, make sure they can be seen by motorists. Use light colored costumes, or place strips of reflecting tape on dark costumes. A few minutes of time may be all it takes to prevent a serious accident.

Remember, SAFETY DOESN'T COST ANYTHING... UNLESS YOU FORGET IT.

Decorations Show Coming

An outstanding show of holiday decorations - "A Day of Christmas" - is coming to the Palos Park area on Monday, Nov. 25. Harold Cook, a lecturer, will be presented by Garden Guild I at the Palos Park village hall, 123rd street and 89th avenue, from 10:00 a.m. to 3:00 p.m.

Mr. Cook has had a wealth of experience in flower decorating. He directed the Garden Club of Illinois Flower Show at Navy Pier for several years. He directed the staging of the holiday show for the Garden Club of Illinois at the 1960 opening of McCormick Place. He has lectured and demonstrated flower arranging and seasonal decorations to professional florists, university students of floriculture, garden club members and annually at "Hazelwood" in Dixon, Ill.

Mr. Cook explains in detail as he works so members of the audience may recreate at home what they see demonstrated. Step-by-step procedures with special emphasis on mechanical devices make Mr. Cook's lectures useful. Materials and supplies shown may be purchased by anyone so desiring during the noon hour and after the lecture.

"A Day of Christmas" is packed with new ideas for holiday decorations from Thanksgiving thru Twelfth Night. Tickets for this lecture-demonstration are \$4 and include lunch which will be served during a recess. They may be purchased in advance from Mrs. Melvin Byrne, 12008 S. 86th ave., and Mrs. Dwight E. Johnson, 12518 Southwest Highway, both of Palos Park. No tickets will be sold at the door.

WILLIAM F. WHITESIDE
COOK COUNTY FARM
ADVISED
TINLEY PARK 532-4369

Judging from the number of calls coming into this office, it seems safe to assume that grub worms are damaging an unusually large number of lawns in suburban Cook County. A heavy infestation of grubs can ruin a lawn in short order. These little white critters are the immature form of the June bug. They are white in color and feed on the roots of grass. As adults they are the large brown beetle that you see hovering around lights in early summer. Now is the time to take measures to stop this destruction of your lawn. For those of you who have not noticed the problem, it may be a good idea to make an application of insecticide to prevent future damage. The material to use is CHLORDANE. It should be used at the rate of one-quarter pound actual Chlordane per 1000 square feet of lawn. If you use the 45 percent material, it will say on the label that a gallon contains four pounds of actual Chlordane. This means that a gallon of material applied in water would cover 16,000 square feet of lawn area. Be sure to follow the instructions on the label and observe the necessary precautions.

The 4-H Federation elected officers last month. Handling the reins this year will be: President, John Thompson; Vice President, Norman Siekman; Secretary, Joan Garbacz; Treasurer, Sue Dluhosz.

The 4-H year ended August 31. We should now be well underway in getting enrollment cards completed and mailed to the county extension office. Boys and girls with year-around 4-H projects should complete the enrollment and send in immediately. With the wind-up of the 4-H year, it is appropriate that efforts on the part of 4-H Club members during the past year be recognized. This will be done in three achievement programs to be held as follows:

South Cook - Tuesday, Nov. 12 at 7:30 p.m., Thornridge High School, Dolton

North Cook - Thursday, Nov. 14 at 7:30 p.m., Arlington Hts.

Farmers' Outlook Letter

BY L. H. SIMERL
U. OF I. EXTENSION
ECONOMIST

The quarterly report of cattle on feed promises an abundance of fine beef for consumers during the next two or three months, but it was disappointing to many cattle feeders who are producing that beef.

The USDA estimated the number of cattle in feedlots on Oct. 1 to be up 10 percent from the year before. But farmers reported that they expected to sell 15 percent more fed cattle in this quarter than they sold in the last quarter of 1962. Furthermore, the number of cattle approaching market weights was up 20 percent from a year ago.

We counted as approaching market weights all steers weighing over 900 pounds and all heifers weighing over 700 pounds. The total in these classifications was 3,304,000 head, or 565,000 more than on October 1, 1962. Steers weighing over 1,100 pounds totaled 360,000 head, up 31 percent from a year earlier, and those weighing 900 to 1,100 pounds totaling 1,813,000 head, up 20 percent. Heifers weighing over 900 pounds totaled 327,000 head

up 5 percent from a year earlier. Those weighing 700 to 900 pounds totaled 804,000 head, up 9 percent.

The actual increase in marketings in this quarter may be up considerably less than the 15 percent that farmers indicated. This has happened before. For example, the previous quarterly report (for July 1) indicated that farmers planned to market 9 percent more cattle in the July-September quarter than they marketed a year before. The new report shows that they marketed only 4 percent more.

Actual marketings may have been less than farmers had planned because they decided to wait for prices to rise. The very large number of heavy steers reported on hand Oct 1 indicates that there was considerable holding of cattle after they had reached normal market weights.

Cattle feeders have had some reasons for holding cattle, though not necessarily good reasons. First, there was an exceptionally good market for cattle in the last four months of 1962, and many cattlemen may have been expecting a good market at the same time this year. Second, a large number of forecasters last spring said that prices would rise in the last half of this year.

Numbers of lighter weight cattle on feed are not excessive. The number of steers 700 to 900 pounds on Oct. 1 was estimated at 1,654,000 head, 6 percent more than a year earlier. The number weighing 500 to 700 pounds was 711,000, 4 percent more than a year before. The number of heifers weighing 500 to 700 pounds was 518,000, 12 percent less than a year earlier.

The increase in light-weight cattle now in feedlots indicates that market supplies will be larger next winter and spring than they were in 1962.

Arbury Hills**Fun Fair Big Success Socially, Financially**

MRS. EDWARD HOVI
479-5740

The second annual Fun Fair, sponsored by the Summit Hill Parent - Teacher Group, was held at the Arbury Hills school on Saturday, Oct. 19. The affair was termed an extraordinary success. The net proceeds from this year's fun fair almost doubled the net proceeds of last year's program.

The workers on the program all pitched in with their time and efforts. The turnout was all anyone could have wanted, and the Fun Fair lived up to its name with fun for all. The stellar attraction of the day was the talent show which put on three performances. The youngsters all gave their best for each show, and the results were quite visible to the jammed packed audiences.

The committee for the Fun Fair wishes to express thanks to all who helped to make the affair a success.

displayed on their desks, and parents are asked to come at 7:30 to see this. The nuns and lay-teachers will be in the classrooms for conferences.

The speaker for this meeting will be the Rev. David E. Frymson, assistant pastor at St. Jude's in Marycrest, Joliet. Father David is one of the leading speakers in this council on integration and is active in CCD teacher training, and presently teaching a course in sacramental living. Father David's topic for the meeting will be, "Catholic Renewal and Reunion".

The Altar and Rosary Society of St. Jude met Tuesday evening for their October meeting. Rev. Gerald Schubert opened the meeting with a prayer. Mrs. Walter Grimes, president, presided, while routine reports were given by Mrs. Donald Ingram and Mrs. Lester Brown. The highlight of the evening was a tape recorded speech made by the late Dr. Tom Dooley. The next meeting will be held Nov. 26. Special prizes were awarded to Mesdames Edna Cutler, Dolores O'Neil, Bonnie Hammerstein, Bea Tarrant, Laura Sims, Florence Battle, Dolores Sell, Dora Ann Bean, Anne Smith, Jan Walker, Irene Watson, Mary Ann Bielski, Sandwiche and coffee were served by Mesdames Ann Archibald, Mary Lacey, Josephine Mangun, Mildred Berens, M. Kokal, and Ann Cruise. Nine new members were, Lola Mitchell, Rita Mestdagh, Pat Bersano, Jan Walker, Mary Ann Bielski, Jane Molnar, Dolores Sell, Dolores Fowler and Barbara Fox.

Edward W. Johanson of 324 Francis road, New Lenox, will demonstrate electronic equipment developed at Argonne National Laboratory at the 19th annual electronics conference and exhibition to be held at McCormick Place in Chicago Oct. 28-30.

The budget committee of the Parent - Teacher Group had tentatively allocated the expected profits from this Fun Fair. They now will have the joyful task of figuring out the distributing of the additional funds. A public address system has already been ordered from the profits; as have some plantings for around the school.

In addition \$50 is set aside towards the newly established scholarship fund. There is also money set aside to purchase a second hand stove, of apartment size, to be used at the school.

Money for Christmas cards, sold by the Arbury Hills Kindergarten Organization must be paid by tomorrow, Nov. 1.

The census being tabulated by the kindergarten Organization along with the Parent-Teacher Group is about two-thirds completed.

The next regular monthly membership meeting of the Arbury Hills Civic Association will be held at the school next Tuesday, evening, Nov. 5 at 8 o'clock.

334 will hold its investiture Nov. 22 at the school. The program will be held in the evening at 7:30. The families of the girls will be invited to attend, and refreshments will be served following the program.

There will be 15 invested into the Brownies officially, and there will also be one year pins awarded to the girls who were Brownies last year.

The Junior Girl Scouts Troop Number 103 is now forming their patrols and will then begin planning their activities for the year.

Why Not Try Beads To Pay Off Foreign Aid?

DAVID H. THOMPSON
(Senior Naturalist
Forest Preserve Dist.)

What is wampum? According to stories about the early colonists, it was Indian money made out of shells. However, wampum—short for the Algonquian word wampumpeag—means strings of shell beads or belts woven from shell beads.

True wampum beads had certain sizes, shapes and colors. Each bead, about one-fourth of an inch long, was cylindrical with a hole drilled lengthwise to form a tube. There were two colors: white ones made from a large sea shell called a whelk, and dark purple ones from the quahog—a saltwater clam of the north Atlantic coast. They were polished glassy smooth and strung on sinew, cords or embroidered in patterns on strips of deer skin to make belts.

Wampum beads were valued highly because of the scarcity of the shells from which they were made and because of the amount of patient labor necessary to make a single bead. A piece of shell was broken to about the right size, then ground into a cylindrical shape by rubbing on sandstone. The hole was tediously drilled with a slender reed, tipped with flint, which was rolled on the thigh with the right hand while the bit of shell was held against it with the left.

Wampum was highly prized by the Indians for several purposes long before it came into use as money in trading with the white settlers. It was kept in the

chief's cabin as the tribal treasury and as a symbol of his authority. When they were defeated in battle it was often surrendered to the victors. At councils between different tribes or nations, and in treaties with the early colonists, belts of wampum were exchanged as guarantees of their earnest intentions.

Since Indians had no written language, some tribes wove designs into the pattern of a wampum belt which were reminders of past events, laws and other important matters. For example, about 1570, in what is now central New York—a generation before the coming of white men—the terms of the League of Five Nations of the Iroquois was commemorated in a wampum belt.

Since ancient times Indians have decorated themselves with necklaces, bracelets, earrings and belts of wampum. They also wore ornaments made of bone, stone, animal teeth, native copper, and glass beads traded from the whites, but these have lesser value. In 1619 the early French explorer Champlain described Huron Indian girls thus: "Gaily dressed and adorned, they like to show themselves at dances, where their fathers and mothers send them. I can assure you that at dances I have attended, I have seen girls that had more than twelve pounds of wampum on them, without counting the other trifles with which they are loaded and decked out."

The use of wampum for money with a more or less fixed value

Expect New Ordinance To Improve Sanitation

(Editor's Note: This is the first of two articles prepared by Dr. William J. Cassel, Will County health officer, relative to sanitation problems. The next will appear next week.)

A new public health ordinance for the proper treatment and disposal of sewage in Will County was unanimously adopted by the board of supervisors on August 5, 1963. This ordinance replaced an ordinance that was outdated according to current knowledge regarding the principles of good sanitation. The new ordinance is based on the findings of an extensive field and laboratory study conducted at the Taft Research Center of the United States Public Health Service.

In 1947, when the old ordinance was adopted, the health department hoped that it would be an effective tool in controlling unsanitary conditions that existed. This goal was only partially achieved.

Perhaps one reason this goal has not been fully realized is our great increase in population. In 1947 the population of Will County was less than 130,000. Our present population is over 208,000 and is still growing. With this growth comes a corresponding need for new homes. Subdivisions spring up overnight. Corn fields turn into communities and urban areas are incorporated into cities. Unfortunately, not all of these homes are privileged to have municipal sewer and water supplies and must resort to more expensive and less efficient methods of sewage disposal. When this problem arises it is easy to understand why homeowners and builders wish to invest as little as possible in a

Rowdy Victim Asks \$20,000 For Injuries

(CNS) - Alleged rowdism at the Oak Lawn Recreation Center, 9121 Cicero Av., Oak Lawn, led to a \$20,000 suit filed in Circuit Court Monday. Filed on behalf of Josephine Marie Zambuto, 9, of 4538 W. 67th St., Chicago, the suit charges that Josephine suffered a broken wrist after being twice knocked down by some teenage boys while skating on March 17, 1962.

The suit, filed by attorney Errett O. Graham, charges the Oak Lawn Recreation Center, Inc., with negligence in failing to properly police and guard the skaters.

**Now—buy
a new
electric dryer
and save
up to \$60**

In the next 60 days over 25,000 Chicagoland people will buy dryers—most will be flameless electric. Read why you should buy electric. Right now—and for a limited time only—Commonwealth Edison and Public Service Company, in cooperation with your dealer, offers you a chance to save as much as \$60 on any new flameless electric dryer. (A cash bonus of \$20 from Commonwealth Edison, plus up to \$40 that you normally save when you buy an electric dryer instead of gas.) For the average family, this equals about 3 years of free drying! And electricity is simplicity. Because there are few moving parts, electric dryers cost less to maintain. And with no pilot light, your dryer costs nothing when not in use. Clothes dried

electrically also come out fresher and cleaner because there are no fumes, flames or products of combustion to mix with them. What's more, nothing dries clothes faster than today's electric dryers. (Only 26 to 30 minutes for a full load.) See your dealer now for details. Satisfaction on any flameless electric dryer is guaranteed, of course.

ment facilities. With our limited staff it is difficult to keep up with the task of correcting unsanitary conditions already in existence. Thru the new ordinance we hope to prevent new conditions from developing. The people of Will County have given the health department the responsibility

of guarding the public's health and preventing disease. Providing the county with an effective sewage disposal ordinance is a good beginning. Now the job becomes a community one. The

subdividers, builders and most important of all the homeowners must take the responsibility of seeing to it that sanitation of his home is an asset to his community and not a liability.

TOP TEENS, a musical group and as the name would imply, a dance band, is booked to appear at the New Lenox PTA meeting Nov. 12. The Top Teens most of whom are eighth grade pupils at New Lenox, started out a year ago. At that time they were six and now they are ten. Jack Heisner was the organizer and is the director. He also plays accordion. Assistant director is Donn Jones. He also is the organist. The group meets for practice every Saturday at either the Heisner or Jones home. The group has played several benefit shows and dances and has appeared at the Oak Forest and Dwight Veteran hospitals.

Front row (l to r): Skip Buckler, sax; Danny Jones, sax and clarinet; Gary Whitmer, sax; Dean Minuts, drums; standing, Mr. Heisner; Bill Kokal, cornet; Lee Warner, trombone; Arnold Gregory, trombone; Richard Purlar, cornet; Wayne Mooney, cornet, and Mr. Jones.

Eagle Boosters To Give 3rd Annual Dance Nov. 23

The third annual dance sponsored by the Eagle Booster club of Carl Sandburg High School will be held Saturday Nov. 23, at Goodings Grove, 143rd and Bell road.

Tickets to the dance may be purchased from any booster member or any of the following: Dance chairman Benjamin Jones, GI 8-2471; ticket chairman V. E. Broman, GI 8-7062; John Hofferica, FI 9-0137; Carl Scheel, FI 9-7953; Chet Cooper, GI 8-0610; Jack O'Connor, GI 8-2698; Harold Haislet, GI

8-0658; Al Budding, GI 8-4421 and the club's president, Glen Aronson, GI 8-3819.

Proceeds will be used to help further the athletic activities at the school.

Last year the club played host to the athletes at three awards banquets. They provided films of football and basketball games. The films were instrumental in helping to obtain scholarships for many of the boys as they were sent to various colleges and universities for appraisal of the athletes' abilities. In addition, the films were used by the Sandburg coaches and athletes for study of their team plays and techniques.

The purpose of the club is to instill co-operation among parents, coaches and athletes; and to develop loyalty constructive school and community spirit.

Membership is open to any interested adult. The next meeting of the club will be held at the school cafeteria on Nov. 5, at 8 p.m.

Films of the last game of the season, Rich East vs. Sandburg, will be shown with coach Joe Devine narrating. Also scheduled for the evening is a talk by Booster member V.E. Broman who will discuss the health of youth thru the sensible use of vitamins.

The club's president urges all parents to attend whether their sons sport is football, basketball, swimming, cross country etc.

Refreshments will be served during the social hour following the meeting.

Hikers Group Will Meet At Joliet Nov. 5

The Joliet chapter of National Campers and Hikers Association, Tote-Um Campers, will meet Tuesday, Nov. 5, at 7:30 p.m., at the Louise Wolf Recreation Center, 15 Richards st., Joliet. Election of officers for 1965 will be held.

The program theme will be "Safety On The Highway" with Sgt. Jack Carlstrom, of the State police as speaker. All people interested in camping are invited to attend. There are several Mokena families in the hikers group.

Teach Journalism

On Grade Level

At Catholic High

Two New Lenox students, Kathy Wysock and Chrystyne Murskyj, are among the 43 attending the journalism institute at Joliet Catholic high school, according to Rev. Emmanuel LaFay, O. Carm., publicity director.

Kathy Wysock is the daughter of Mr. and Mrs. Robert Wysock of 235 W. 2nd Ave. Chrystyne Murskyj is the daughter of Dr. and Mrs. Leo Murskyj of Terry-lane. Both attend St. Jude's school and are taught by Sister M. Evelyn.

Classes are held each Tuesday at Joliet Catholic from 3:30 to 4:30 p.m. Sponsored jointly by the high school and the Wall Street Journal, the institute is an experiment to see if journalism can be taught on the junior high school level. Rev. Finbar Shanley, O. Carm., director, outlined the program which will include the study of newspapers in general, plus the writing of news stories, editorials and features.

HENRY HAVEL, instructor for one section of the drawing and painting classes at Sandburg, discusses a still life the group is sketching. Students work in whatever medium they prefer and the course is open to both beginners and experienced painters. Special attention is given to painting problems of the students. Weitendorf School, Site Now Farm Of Same Name

The Frankfort and Mokena school districts which divided the Weitendorf district between them earlier this year will now share in the \$1,200 produced from the sale of the Weitendorf school and site. The sale was conducted last Saturday, Oct. 26, in the form of an auction, with County Superintendent Verne E. Crackel in charge.

The buyer was Town and Country, a Joliet real estate firm, acting for its owner, John Weitendorf. Mr. Weitendorf is a grandson of the late Fredrig Weitendorf who owned the adjoining farm of 160 acres. In 1901, the grandson said, the elder Weitendorf sold half an acre for a school site at the intersection of Wolf and Laraway roads. At the time, the grandson said, Mr. Weitendorf asked that in the event the tract was no longer used for school purposes that the owner of the adjoining farm be given first choice to repurchase the piece. Some eight or ten years ago it was necessary to expand the school building and an L-shaped tract bounding the original square half-acre was obtained from the Weitendorfs. That transaction carried a reverter clause, which means that when it was no longer used for school purposes the property was to revert to owners of the farm.

Meanwhile, in expanding the school building it was carried over onto the L-shaped parcel.

Thus the terms of the sale last week carried a provision that the site and building must be sold separately because a part of the building was on land that couldn't be sold.

As it turned out with John Weitendorf being the actual buyer of both site and building he can let the building stand as long as he wishes. He paid \$1,100 for the half-acre and \$100 for the building.

Mr. Weitendorf indicated this week that he may develop an industrial park to take in the entire 160 acres.

NEW LENOX Garden Club members, Mrs. Lloyd Cleveland, (left) and Mrs. Kenneth Messengers won second place with their entry in the Golden Harvest classification at the artificial flower arranging competition held at Field's in Park Forest recently. The Golden Harvest classification was devoted to flowers and fruit and brass containers.

Health Authorities Wage "Hot War" On Tuberculosis

Michael A. Falletti, Sunny Hill TB Sanatorium, Drs. W.J. Cassel, Jr., and Gordon Rude, Will county health department, Nancy Russell and Virginia Richards, Will county TB Association, Lucy Saunders, Walter Noble, Leonard Katzin, and Mrs. Mildred Keniston attended a one-day regional conference on tuberculosis, conducted by the Illinois Association of TB Sanatorium Boards

in Joliet, Monday. John R. Fornof, Stretator, a member of the Association board of directors, and a member of the LaSalle county TB San Board, presided.

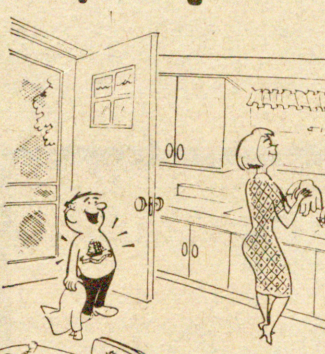

The key-note speaker, Dr. H. Vernon Madsen, medical director, Highland Sanatorium and Convalescent home, Ottawa, emphasized the fact that TB is still a serious public health problem today with more than 50,000 new cases reported in the U.S. each year and more than 10,000 annual deaths. Madsen also commented on the world-wide TB problem with six million active cases in India; 200,000 annual deaths from TB in Pakistan, a death rate of over fifty per hundred thousands population.

Dr. Madsen said "No one who has lived thru the past three decades in the field of tuberculosis needs to be reminded about the tremendous and dramatic advances made in the field of tuberculosis. Those of us who have been granted the privilege to share in these advances and to participate in the passing on of these benefits to patients with area." TB are deeply impressed every

day with the changes that have taken place. Yet the problem, as the figures clearly indicate, is not over with - just merely different."

This conference was held in the Holiday Inn at Joliet, and was one of eight being held thru Illinois to review the TB problem in an effort to hasten the day when TB will be eradicated.

My Neighbors

"Our school group spent most of the day in the dock of these benefits to patients with area."

Red Cross Seeks Surplus Yule Cards For Veterans

How to make use of leftovers is a problem, particularly when the item in surplus is new Christmas cards.

Red Cross Gray Ladies have an answer for this one - send the cards to Will County Chapter of American Red Cross for distribution among hospitalized veterans at Hines Hospital.

The veterans can use the cards to send their families and friends, saving their limited funds for other more needed expenditures.

If you purchased too many cards last year, here's a chance to help the men at Hines and start fresh with a new batch of cards for your list this year.

Cards without a sender's name and without last year's date are the ones in demand. Gray Ladies who serve at Hines will sort, package and distribute them in time for holiday mailing.

Cards may be brought or sent to Will County Chapter, American Red Cross, 222 N. Broadway, Joliet.

LWV Meet At Chicago Nov. 6 For Conference

114 KANSAS STREET FRANKFORT, ILL.

BY ELIZABETH ANDERSON
The Wayside Workers Circle of King's Daughters will celebrate the 60th anniversary of the organization on Saturday, Nov. 2, beginning at 1 o'clock at Homer Congregational Church. A short program, featuring a skit written by Mrs. Lola Storm, and presented by six charter members, and a social hour will occupy the

afternoon. Invitations have been sent to former members, but all women of the community and other Circle friends are cordially invited to attend.

At the recent reorganization meeting of the Homer Church Pilgrim Fellowship group, new officers were elected as follows: president, John Reed; vice president, Dean Anderson; secretary-treasurer, Dianne

Moravec; United Protestant Youth delegate, Linda Hollister; Social Activities chairman, Dick Doyle. The group voted to meet each Sunday evening at 7 to 8. In the near future, they will have charge of a morning worship service.

On Sunday, Oct. 20, the Junior Hiers led the morning service which was well attended. The Sunday school noted the largest attendance that day, for some time.

The church sponsored a very successful turkey supper on Oct. 24. Guests were present from Lockport, Plainfield, Joliet, Marley and New Lenox. Mrs. George Burcham supervised kitchen operations with Mrs. Frank Townsend directing the dining room. Most of the church women cooperated very well with help and donations.

Mrs. Don Aspel has been a member of the petit jury during the past two weeks.

Mr. and Mrs. Earl Burnworth were called to Sidell last week by the serious illness of his mother.

Dr. and Mrs. Harold Henke of California spent a short time with relatives and friends here and in Lockport during the past week end. They were Sunday dinner guests in the Jerome Paddock home.

The James Burch family of Sheldon, Wis., were recent visitors here. They were guests for a few days of her sister and husband of Chicago, who also accompanied them here.

Mr. and Mrs. Robert Burch spent last Sunday with the Matt Weises of Crown Point, Ind.

Robert Shepherd Sr., who has been a patient at Silver Cross hospital for a month, is now at

home but confined to his bed.

The Missionary society of Homer church will hold its monthly meeting at the church today at 1 o'clock (Oct. 31) with Mrs. Wrey White and Mrs. Merritt Cagwin as hostesses. Reports of the various festival committees will be heard.

Mr. and Mrs. Larry White of E. Division St. are the parents of a daughter, who has been named Cheryl Lynn. She arrived Oct. 13.

Homer co-chairmen for the current United Crusade for charitable purposes are Mrs. Vern Bond, Bruce Anderson and Mrs. Harford Van Buren. Assisting in collecting in the south half of the township are Mesdames Edward Purdy, Frank Paul, Jr., Louis Greenwalt, Harold Mohney Jr., T.J. Morawski, David Stewart, Don Reed and Mr. Willard Rowley, Sr. Others are working on the north half of the township.

Miss Bonnie Mlynarik arrived from DeKalb Thursday evening to spend the remainder of the weekend with her parents on 143rd St. She is doing practice teaching at DeKalb while she completes her teacher-training course in physical education.

The Ray Carlson and Bruce Anderson families attended the wedding of Miss Lucia Sinder-son of Joliet and Robert Hanna of Kansas City at the First Presbyterian Church in Joliet on Saturday, Oct. 26. Lucia is the daughter of Mr. and Mrs. Rocco Sinder-son of Joliet. Lana Carlson tended the guest book and Jay Carlson was a candle-lighter. Dinner was served at D'Amico's for about 200 guests, following the ceremony.

MISS MARILYN DRAEGER, Wisconsin's 16th "Alice in Dairyland" will present a gift package of Wisconsin cheese to Mayor Stanley Gilmore of New Lenox, tomorrow, Nov. 1. The presentation will be made at noon, just in time for lunch.

Registration

Of Autos Shows

Gain For Year

Motor vehicle registration for the first three-quarters of 1963 was 61,347 greater than for the entire year of 1962, and was 136,566 more than on Sept. 30 a year ago, Secretary of State Charles F. Carpenter has reported.

For the first nine months of this year, registration reached 4,254,813, as compared with 4,118,247 at the same time a year ago and with 4,193,466 for all of 1962. Mr. Carpenter said. Increases were noted in all categories. The number of passenger cars this year is 3,535,197 as compared to 3,433,731 in 1962.

manship and physical fitness and how to behave in an exemplary manner at all times.

L.C. "Ty" Ruddock, league commissioner, announces that the league hopes to expand for next year by accepting several new teams. Any community or group who would like to organize a team should contact Ruddock, 6643 Parkside dr., Tinley Park, 312-532-3891.

The league will furnish a speaker and show movies of past games and help any interested group in every way possible. Contact should be made immediately as it takes time to organize.

Registration and boy qualifications are as follows: (a) - No boy shall be registered if he is attending or entering high school as of the fall of the seasonal year; (b) - Registered boys must be 10 years thru 14 years of age. Age must be met as of Dec. 31 of the seasonal year. (c) - The maximum playing weight is 120 lbs. Also, all boys registered in the league for scheduled play must be covered by accident insurance. Further information can be obtained from Ty Ruddock.

Honor Charles Heusner On His 83rd Birthday

MRS. KATHARINE HEISNER Telephone: 469-5187 Charles Heusner was the honored guest last Saturday evening when a family gathering was held at the home of his daughter

and family, Mr. and Mrs. Henry Smith, with whom he lives. Guests who attended in honor of his 83rd birthday were, Mr. and Mrs. Harold Knickrehm of Westmont, Mr. and Mrs. Leon

Knickrehm and family of Roselle, Mr. and Mrs. Robert Steck and family of Downers Grove, Miss Pat Norton of Peotone and Bruno Klotz of Frankfort.

After a social evening, refreshments were served.

Mrs. Elsie Werner and Mrs. Lulu Weber spent last week-end visiting with the Rev. and Mrs. Ernest Gander at Plymouth, Wis.

Englehardt Borms was a medical patient in Silver Cross hospital recently.

Mr. and Mrs. Otto Schafer are the parents of a son born Oct. 12 at Silver Cross hospital. Scott weighed 7 1/2 pounds.

Mrs. Anna Schafer is a patient in Lincoln Memorial hospital at Lincoln, Ill. where she

had the misfortune of falling and breaking her hip in the downtown shopping area.

Mrs. Arthur Jurre is a medical patient in Silver Cross hospital.

Guests last Tuesday of Mr. and Mrs. Richard Yeates were her mother, Mrs. Clarence Wies, her sister, Mrs. William Lindemann and two aunts, Mrs. Charles Sievert and Mrs. Martin Jungels, all of Lockport.

The Green Garden Snip 'n Snack 4-H club met Oct. 19 at the Ralph Dralle home, Frankfort, for the fire preven-

tion meeting. The meeting was called to order by Caroline Patz, president. The federation report was given by Sherry Dralle. Plans were made for a bake sale Nov. 16 in Frankfort. Winter activities were also discussed and they decided to contribute \$20 to the United Crusade of Will County.

A tour of the Frankfort fire department was made and installation of officers were held after the tour. A song fest was led by Pattie Morrison and a buffet supper was served by Mrs. Ralph Dralle.

The next meeting will be held Nov. 9.

Mrs. Minnie Hanzie of Chicago, celebrated her 80th birthday at a surprise party planned by her granddaughters, Mrs. William Cheney, Joliet; Mrs. Orville Holz, Glen Ellyn; Mrs. Alvin Kee, Orland Park and Mrs. Edward Holz, Tinley Park.

Sixty-six of Mrs. Hanzie's children, grandchildren, great-grandchildren and great-great-grandchildren attended the party which was held at the V.F.W. in Tinley Park.

Dickie Kelsey, son of Mr. and Mrs. Richard Kelsey, Orland Park; and Lane Schultz, son of Mr. and Mrs. Allen Schultz, Orland township; are great - great - grandsons of Mrs. Hanzie.

Guests attended the party from Redona Beach, Calif; Ormond Beach, Fla.; St. Louis, Mo.; Joliet, Glen Ellyn, Orland Park, Chicago, Summit, Oak Lawn, Crestwood, Tinley Park, Addison and Worth.

Plan Rummage Sale To Aid Missionary

A local group of junior girls and their counselors are planning a rummage sale on Nov. 8 and 9. This venture is being held in order to benefit and aid a Brazilian missionary.

Mrs. John Lindner, of Palos Park, spent some time in Brazil last year and reports that the needs are many. Children are existing on rice and beans and many are orphaned at an early age. The missionaries are kept busy trying to care for many children with only meager supplies as their helpers. The proceeds of this sale will augment their service.

The rummage sale will be held at 144th and Cicero and will be open from 9:00 a.m. to 9 p.m. on Friday, Nov. 8 and from 9:00 a.m. to 2:00 p.m. on Saturday, Nov. 9.

Anyone who would like to donate any articles or clothing, may call Mrs. John Lindner GI 8-5302 or Mrs. Robert Nachtrieb, GI 8-5533.

The Working Classes

J. A. Ward

Are you one of some 60 million in America's working classes whose job is destined to become obsolete in the next decade? You cannot afford to live today, hoping that tomorrow will take care of itself. Some of you will reach retirement before your particular job closes up -- but the majority among the younger workers will have to shift to other type work.

Many of these 60 million workers are currently enrolled in school preparing for new careers. Others will soon enter schools. While still other currently employed must prepare themselves to face up to changing times before said times develop.

If you profession or occupation is listed under "Deadend Jobs", serious thought should be given to preparation for another occupation. Quite possibly you are already enrolled in a course of study. At the present time more adults than school age children are enrolled in some form of organized study -- correspondence courses (college and university extension divisions), high school evening classes, business schools, etc.

Opportunities for you to study are closer at hand than you realize. But no one is going to come and recruit you for training. You will have to take the initiative. The U.S. Department of Labor - Office of Automation and Manpower can give you up to date information on job retraining and how you can begin your self-improvement studies.

In addition to this fast-changing world of job classifications, other elements also add to the complexity of the working classes. For Example: By 1970, there will be an additional 13 or so million workers vying for jobs in all fields. The 30 hour work week will be with us and the population explosion will have soared above 200 million. The future for those in the working classes will be challenging and rewarding if you keep abreast of these changing times.

For the next several weeks, this column will discuss one or more of the so-called "Deadend Jobs" -- aligning past job experiences to future job potential.

NOVEMBER

Nov. 3, 1900—The first National Automobile Show opened its doors at Madison Square Garden. Thirty-one manufacturers had cars on display. A daily highlight of the exposition was a series of test drives on obstacle courses.

Nov. 6, 1869—The first formal intercollegiate football game was played at New Brunswick, New Jersey, between the teams of Princeton and Rutgers. Each team was made up of 25 men. The final score was Rutgers 6, Princeton 4.

Nov. 26, 1832—The first streetcar railway in America started its public service, operating in New York from City Hall to 14th Street. The streetcar was drawn by a horse.

Nov. 27, 1910—Pennsylvania Station in New York, the world's largest railway terminal to date, was opened to traffic. The mammoth station covered some 28 acres and occupied a site on which 500 houses and commercial buildings formerly stood.

Wish I'd Said THAT

"If you think old soldiers just fade away, try getting into our old service uniform." —S. E. Mekeel, Ovid (N.Y.) Gazette and Independent.

"The way college costs are skyrocketing, education will soon be as expensive as insurance." —John L. Teets, Richwood (W. Va.) Nicholas Republican.

"Some people don't need an introduction. They need a conclusion." —William L. Zeigler, New Oxford (Pa.) Item.

"About the only way to get anything worthwhile on your TV set is to sell it." —W. R. Smith, Cochran (Ga.) Journal.

"When a young man thinks of his mother he wants to get married and when he thinks of his sister he wants to stay single." —George B. Bowra, Aztec (N. M.) Independent Review.

"If you think children don't know the value of money, try giving one a nickel." —Fred W. Grown, Edgewater (N.J.) Bergen Citizen.

"If Communism is as wonderful as they claim it is, it seems that they would take down their iron curtain and put in some picture windows." —Ernest Miskell, Minneapolis (Minn.) Argus.

"We spared the rod and got a beat generation anyway." —S. E. Mekeel, Ovid (N.Y.) Gazette and Independent.

"There are two kinds of secrets: those that are not worth keeping, and those that are too good to keep." —John W. Moore, Plains (Tex.) Record.

"The man who wakes up famous has never been asleep." —Lloyd S. Waters, Mountain Home (Ida.) News.

Now, George, don't you give him another peanut if he's going to be that way about it!

Say Corn Storage Pays Farmer Over The Years

Storing corn on the farm won't pay every year. But over a period of years average returns from storing corn have covered total costs plus small profits.

This conclusion was reached by V. W. Davis, USDA agricultural economist at the University of Illinois, from a study of corn price movements and storage costs from 1954 to 1963.

To cover the costs of storing and drying corn from harvest to March require about 11 cents a bushel; from harvest to July takes about 16 cents. For the ten-year period, corn prices following harvest rose, on the average, 7 cents a bushel from harvest to March, 16 cents to June, 16 1/2 cents to July and 15 cents to August.

Using the past 10 years a guide, Davis points out that a

farmer could expect price rises to cover his drying and storing costs to June or July, but he would not recover costs by selling in either March or August.

While in some years a farmer will not recover all costs of storing and drying, he may recover his operating costs, it was said. During the 10 years studied, Davis noted that price rises from October and November to March were 5 cents or more in seven of the 10 years. From harvest to July, prices rose 10 cents or more in six of the 10 years.

So, by having farm storage, a grower can choose when to market his corn and not be forced to accept discounts and seasonally low harvest-time prices, Davis concludes.

State Aims Sales Tax Guns At Catalog Firm

Illinois Attorney General William G. Clark filed a sales tax suit today which he hopes will set a precedent that will not only increase revenue to the state of Illinois but protect merchants from unfair competition, especially those merchants in the southern part of the state.

Att. Gen. Clark said that the \$93,242.18 suit was filed against the National Bellas Hess, Inc., 715 Armour Road, North Kansas City, Missouri, a multi-state mail order house specializing in the sale of clothing and toys. Illinois citizens purchase goods and wares from this company by ordering from a catalog. The merchandise is then sent from Missouri into Illinois without a sales or use tax being charged on the sale as required by Illinois law.

The state of Illinois is thereby deprived of money due it and the merchants who operate businesses which sell similar merchandise are put at a distinct competitive disadvantage because they must charge an additional 4% on their sales.

The tax assessment involved herein is on gross sales in excess of \$2,000.00. The importance of this case is illustrated by the fact that this out of state company was able to sell more than \$2,000,000 in merchandise in Illinois at a price which was at least 4% cheaper than identical merchandise sold by local stores.

The result of the practice is that Illinois retailers may be forced out of business thereby reducing the Illinois tax base and as a consequence force the state to seek needed revenue from other sources, it was said.

The basis for this suit is found in the revenue act which requires that all retailers in Illinois collect sales tax, Clark stated. This company is subject to the revenue act because the law treats a business who engages in soliciting orders in Illinois by means of catalogs and other advertising the same as if the companies were retail stores located in the state, Illinois contends.

Atty. Gen. Clark said: "This litigation is extremely important to the state of Illinois because the precedent set by it may well result in the collection of tax from other large companies doing business in a similar manner especially in the publishing and recording industries."

Let the peace of Christ rule in your hearts—(Col. 3:15).

If we allow Christ's spirit of peace to rule our hearts, our minds and our lives, our existence will be a truly harmonious one.

Sprague To Brief GOP Women On Redistricting

Reapportionment, or redistricting the state of Illinois representative districts to meet shifts in population, will be the subject of current interest to be discussed by State Senator Arthur W. Sprague of the 2nd Senatorial Dist. when the Palos Republican Women's organization meets Tuesday, Nov. 5, at 10 a.m., at the Community Center Foundation, 127th st. and Southwest highway. He will give background material on the vitally important reapportionment issue and also define the problems which will have to be met should redistricting efforts fail.

Sprague has a broad knowledge of the situation, having served as chairman of the reapportionment committee when redistricting was done for the first time in many years. He has served in the state senate since 1956 and prior to that was a member of the house of representatives in Illinois since 1938.

An attorney with offices in the loop, he lives in LaGrange. He and his wife have five children, all of whom are grown.

Mrs. Martin Schumacker of Palos Heights, president of the local GOP women's group, invites men in the community to hear Senator Sprague discuss this key issue and to join their wives at future meetings.

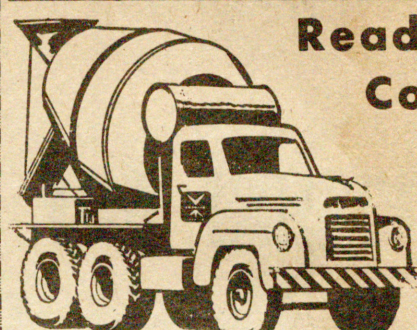

A child sitting service for youngsters two years old and older will be available at 50 cents per child. Refreshments will be served during the get-acquainted period preceding the meeting at 9:30 a.m.
